Comments

Comments are required with No votes and may be attached to other votes.

The preferred method of submitting comments is via a spreadsheet (or a CSV) file reflecting the format in the linked templates.

Only very short comments (1 or 2 lines total) should be inserted in the following text field.

Comments

Attach Spreadsheet in format specified above

¹American National Standards are developed by the voluntary participation of all parties and with the intention and expectation that standard will be suitable for wide application. Since their use is likewise voluntary, an affirmative vote does not commit an organization or group represented on the committee to the use of the American National Standard under consideration.

²If you find that you cannot vote YES and wish to vote NO, please state this and explain the reasons for your position in the space provided or on a separate sheet.

* Operating under the procedures of the American National Standards Institute
