RE: Licensing Statement for T11 Standards

Dear Mr. Snively:

It appears from an email thread subsequent to my letter dated October 19, 2007 that there is some confusion as to the family of standards to which the subject LSI Licensing Statement applies. For example, it has been suggested that the statement may only apply to the "physical layer" standards.

For the sake of clarity, please note that the LSI patent disclosure statement does not include any limitations beyond those explicitly set forth in the disclosure statement. The statement clearly sets forth that it applies to *any* T11 standards adopted by INCITS (or ANSI) as standards.

Please feel free to contact me if you have any questions or concerns.

Sincerely,

A handwritten signature in black ink, appearing to be "W. Waskiewicz", with a long horizontal flourish extending to the right.

Warren K. Waskiewicz
Director, IP Licensing
