RE: Donation of an Ethertype for FCoE to INCITS Fibre Channel (T11) Technical Committee

From: Tom Edsall, SVP, CTO DSSTG

Dear Dr. DeSanti,

Cisco Systems has registered with IEEE SA the Ethertype value 8906h to identify the FCoE – Fibre Channel over Ethernet – protocol, being standardized by the FC-BB-5 WG chaired by you. On behalf of Cisco Systems, I donate this Ethertype value to the INCITS Fibre Channel (T11) Technical Committee for use in the FC-BB-5 standard to identify the FCoE protocol.

Sincerely,

A handwritten signature in black ink, appearing to read "Edsall".

Tom Edsall
SVP, CTO DSSTG
