RE: Donation of an Ethertype for FCoE to INCITS Fibre Channel (T11) Technical Committee

Dear Dr. DeSanti,

Brocade has registered with IEEE SA the Ethertype value 8914h to identify the Fibre Channel over Ethernet (FCoE) Initialization Protocol (FIP) being standardized by the FC-BB-5 WG chaired by you. On behalf of Brocade, I donate this Ethertype value to the INCITS Fibre Channel (T11) Technical Committee for use in the FC-BB-5 standard to identify the FIP protocol.

Sincerely,

A handwritten signature in black ink that reads 'Tyler Wall'. The signature is fluid and cursive, with the first name 'Tyler' and last name 'Wall' clearly distinguishable.

Tyler Wall  
VP & General Counsel
