# Group (multicast) addresses

- **Broadcom plans to donate the group addresses for the FCoE and FIP protocol.**
  - While we informally call these mutlicast addresses, the formal name in IEEE 802 standards for an address that identifies multiple entities is “group address”.
  - A formal letter will be provided upon request.
- **Proposed addresses**
  - All-FCoE-MACs  
01-10-18-01-00-00
  - All-ENode-MACs  
01-10-18-01-00-01
  - All-FCF-MACs  
01-10-18-01-00-02
