Dear Barbara,

Please find attached the draft of "Fibre Channel – Link Services-2 (FC-LS-2)" revision 2.21. The standard is being forwarded for first public review and for further processing.

At the T11 plenary in Coeur d'Alene, ID on June 4, 2009, Craig Carlson (Qlogic), the 11.3 chair requested the T11 Chair to perform a Letter Ballot for approval of forwarding Revision 2.11 of FC-LS-2, Project 2103-D, to INCITS for first public review when the document is available. The T11 Chair accepted.

The letter ballot was subsequently performed and completed. The letter ballot document, T11/09-380v0, is enclosed for reference. The letter ballot was completed on July 18, 2009. The vote carried with 26 in favor, 1 opposed, 6 abstaining, and 2 not voting. Four affirmative ballots carried comments. This vote met the two-thirds rule. The result of this ballot is available online from <http://www.t11.org> by following "Ballots" and "Closed Ballots" links and is also attached below for your convenience.

After resolving all the comments presented in response to the letter ballot, the member previously opposed, Emulex was contacted by telephone, e-mail, or in person. This member indicated that they were satisfied with the comment resolution and would change their vote from opposed to in favor, as documented in the minutes of the T11 plenary meeting in Chicago, IL, on August 5, 2010.

At the T11 plenary meeting in Chicago, IL, on August 5, 2010, Craig Carlson (Qlogic) moved and Bill Martin (Emulex) seconded to accept T11/10-121v1 as the resolution of the letter ballot comments on FC-LS-2 and forward Revision 2.21 of FC-LS-2 (T11/10-122v2), Project 2103-D, to INCITS for further processing including public review. INCITS RD-2 requires approval of this question in accord with the 2/3 rule, as determined by roll call. The motion met the 2/3 rule, with 31 Favoring, 0 Opposing, 0 Abstaining, 6 Not Voting.

These actions are documented in the minutes of the August 2010 T11 plenary meeting, T11/10-390v0, subclause 11.2.1. This item was posted on the draft agenda for the August 2010 meeting, T11/10-323v1.

Lists of the members of T11 and T11.3 who approved this standard are enclosed for your reference.

The source files for this document are enclosed in a separate e-mail.

Could you please therefore take the appropriate steps for performing first public review and further processing of the standard?

Thank you for your assistance in this matter.

Regards,

Steven Wilson
Chairman, TC T11
